

ORLOFF SPA SIGNATURE

ORLOFF SPA SIGNATURE

Orloff Spa Experts has undertaken the set-up and external management of two existing spa units, which have been branded as Orloff Spa, with full respect of their geographic identity. To create a tailor-made menu depending on the climate, geography, and prior spa equipment is at the core of the Orloff spa concept.

In each case Orloff spa took its inspiration from the geography of the place, the climate and the existing spa equipment to maximize the opportunities that it offered:

- On Astir Beach, close by the shore, Orloff spa offers treatments preventing and restoring sun damages on hair and skin.
- In Life Gallery amidst the pine forest of Ekali, Orloff spa comes out with a cocooning proposal enhancing the hamam presence with appropriate Beauty Rituals of the World by Cinq Mondes.

Great emphasis on beauty advice and skilled retail sales are based on the excellent training of the staff that have also been trained on genuine massage protocols of internationally acclaimed skin care and spa brands like Valmont, Cinq Mondes and Algoane.
